

HBCU ACCESS NEW YORK

OPENING DOORS. BUILDING LEGACIES. CHANGING LIVES.

WHO WE ARE

We are a nonprofit organization dedicated to **increasing awareness, access, and opportunities** for New York City students to attend Historically Black Colleges and Universities (HBCUs). We empower students from underrepresented communities with the resources, knowledge, and support they need to pursue higher education at institutions known for their rich history, cultural impact, and commitment to producing leaders.

WHAT WE DO

HBCU ADVISING & APPLICATION SUPPORT

We work directly with students throughout the college process to ensure they are prepared, competitive, and confident applicants. We help students identify, apply for, and secure scholarships that make HBCU enrollment financially attainable.

HBCU RESOURCE GUIDE

Our comprehensive guide offers facts on HBCUs, scholarships, application processes, financial aid, and prominent alumni. This toolkit is distributed to hundreds of NYC counselors and schools to aid in their advisement regarding HBCU options.

HBCU COLLEGE TOURS

We connect NYC high school students with opportunities to visit multiple HBCUs. These tours allow students to interact directly with faculty, students, and admissions teams while gaining a deeper understanding of campus life and academic offerings.

SEMINARS & WORKSHOPS

We partner with local schools and organizations to host seminars and workshops. These events feature presentations from HBCU alumni, current students, and college reps, plus interactive discussions with NYC students and families.

2026 OBJECTIVES

50+

Students Placed

100%

Received Scholarships

15+

HBCUs

WHY HBCUS MATTER

- HBCUs produce 20% of Black college graduates despite representing only 3% of colleges
- HBCU graduates report higher levels of personal growth and career satisfaction
- HBCUs offer culturally affirming environments that foster leadership and excellence
- HBCU alumni networks span industries and generations, creating lifelong connections

PARTNER WITH US

Join us in creating pathways to HBCU success for NYC students.
